

ALUMNI NEWSLETTER

Volume-8

SEPTEMBER - DECEMBER 2018

I am grateful to have the opportunity to share this newsletter with you as we blend together stories, news, and information that connect the past, present, and future. Our goal is to share the accomplishments of our alumni and update you on what your fellow classmates and former teachers are up to today. Please send us new ideas for stories, class news, or whatever else you would like included. After all, this newsletter is about each of you.

PRINCIPAL'S MESSAGE

It's been quite a year. Dealing with one of the most diverse seasons in DPS's recent history has been hectic and extremely rewarding. We have been reminded of just how much talent we have on this campus, and we feel honored to have showcased so much of it on the DPS's stage. This year has been a great example of DPS's ability to handle a wide range of events, competitions, and visions – if this season is any indication, DPS has a very bright future!

I also adjure you to give back to the institution in whatever manner you feel apt. Giving back to your school also helps give back to the next generation of students. It always goes to help fund new programs for the next classes of students who will attend the school.

It is wonderful to think that contributing to your school can have a huge impact on the current students.

“Your education is an investment unlike a car, house, or stock...you cannot sell it.

So, you are explicitly linked to this institution and therefore, responsible for that brand.”
