

ALUMNI NEWSLETTER

VOLUME 10

April – July 2019

“Every traveller has a home of his own, and he learns to appreciate it the more from his wanderings” –Charles Dickens

We are privileged to update you on our school’s most memorable and proudest accomplishments which creates a sense of nostalgia and reminiscence . We are fortunate that you have been an important part of our institution and appreciate your keen participation as well as the support you have always extended towards your alma mater.

Principal's Message

The new academic session has started after the culmination of an eventful year. The beginning of a new session is always an auspicious time- a time for new hopes and renewed dreams. The school campus blossomed once again with the resonances of the students.

Our school was the Centre for the CBSE board exams, spanning for over a month, and it was the largest centre sitting approximately 1300 students for the examination. Our students have done full justice in their preparations and we hope that they will come out in flying colours like every year.

We should work towards success. But failure is not a bad aspect. It is an inevitable part of learning like a toddler who falls while learning to walk. Our endeavour is to teach each one of our students to redefine success - not by the absence of failures in life - but by overcoming them.
